15th August, 2024

To,

All the Members of Rajasthan State Chapter of IRIA

Sub: Protest and Strike of Radiologists against brutal rape and murder of a female Doctor in Kolkata.

Dear Esteemed Members,

This is in reference to a black day in the history of medical profession and healthcare on 9th August 2024 when a 31 year old female trainee Doctor at R.G. Kar Medical College & Hospital, Kolkata was brutally raped and murdered.

The tragic rape and murder of the female trainee doctor at Kolkata's R.G. Kar Medical College and Hospital have drawn nationwide outrage and protests. The 'Indian Radiological & Imaging Association' outrightly condemns this heinous crime against a female doctor and lodged our protest against this brutal rape and murder. Due to this incidence, the Doctors and Medical professionals have started to feel a sense of insecurity. We never imagined it would come to a point where a lady Doctor could be raped and murdered in a hospital in Kolkata.

The Indian Medical Association has decided to go on All India strike from 06.00 AM of Saturday, 17th August to 06.00 AM of Sunday, 18th August 2024. It has been decided that IRIA will shoulder with IMA on this protest. To show our solidarity, protest and agitation on this matter, it has been decided that all the members of IRIA will join the All-India Strike. All the modalities will be shut down during this period.

We hereby appeal to all the members to register their protest and strike against this barbaric incidence. At the time of agitation and strike, the members are requested to achieve wide media coverage.
